## MOUNTAINS ANIMAL SANCTUARY

The purpose of the Charity is to provide a haven for horses, ponies and donkeys. Many of the animals have been rescued from cruelty or neglect and we provide food, shelter, medical treatment and loving care.

We are home to over 150 equines and our aim is to aid and achieve the physical and mental recovery of the animals. Our priority is to improve the quality of their lives.

After rehabilitation, we are able to place some of the horses and ponies 'on loan', but unfortunately their previous ill treatment and medical problems mean that the majority will live out their lives in the peaceful, caring environment of the Sanctuary.

Our Visitor centre, which opened in Spring 2004, has a Gift Shop with a good quality bric-a-brac collectors section. Well worth a browse! The Centre also includes a dual purpose meeting room, which enables us to provide an essential educational facility and allows our Visitors to enjoy a cup of tea!
